

What Are We Asking?

An operational referendum asks voters for authorization to exceed the state imposed revenue limit for day-to-day operational expenses. It's called operational because if approved, the district will receive additional funding from the tax levy to operate our schools.

The state revenue limit is a cap on the total overall revenue from the combined amount of tax revenue and state aid that a school district can receive in a year. An operational referendum seeks voter approval on a levy override to provide funds for the day-to-day school operational budget.

Check Out Our District!

Community Education

We love to host events that allow us to invite the public into our schools.

Youth Sports

Our students begin to explore their athletic dreams beginning in Kindergarten.

Pride

We take pride in knowing that we support our community and our community supports us.

@PlumCitySD

When a school is the hub of the community, it brings everyone together. Think about the music concerts, the sports events, and many others...now picture in your mind if the school went away.

Schools Are For
Our Community*

Our Mission & Vision

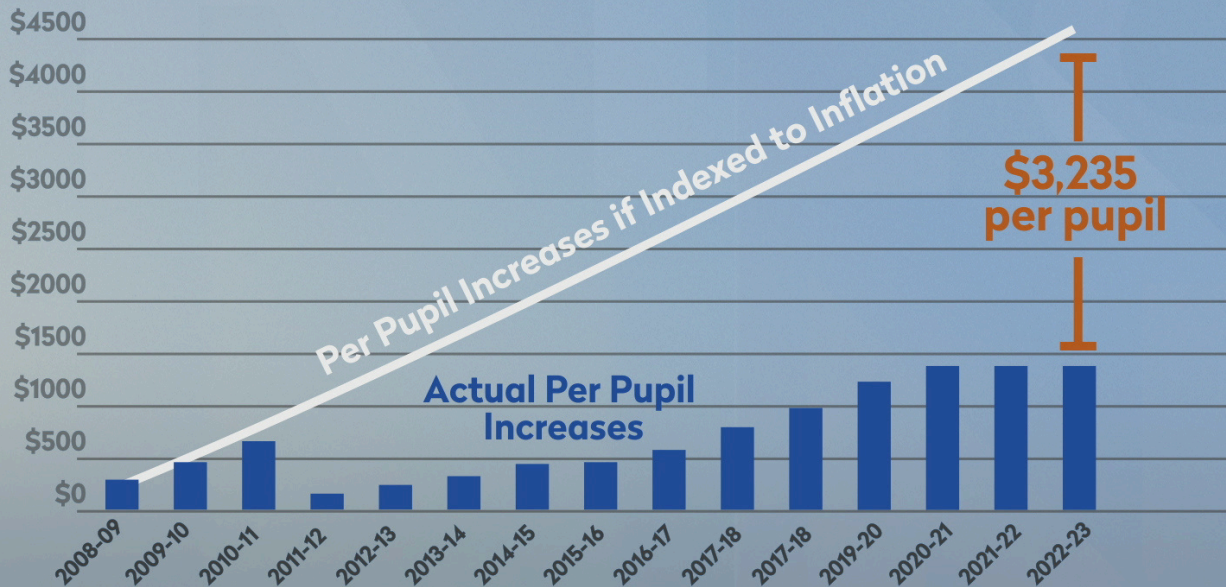

With the support of our community, we are committed to preparing students for success by engaging them in learning opportunities that promote academic, personal, and emotional growth.

To create a school environment where all students feel safe, valued, and empowered to achieve their full potential.

Even though the costs of operating schools continue to rise, Wisconsin school districts are entering the 2024-2025 school year with no increase to per-pupil funding from the state. Districts also face the challenges of retaining and recruiting quality educators, as fewer people are entering the education field.

INCREASES IN PER PUPIL REVENUE LAG INFLATION
